Modular Workstations

Workstations That Work As Hard As You Do.

In today's age of rapidly transforming businesses, workspaces are also becoming increasingly dynamic.

A workspace is no longer just a place where people sit and work. It's an extension of our ideas, our personality, and the way we get our work done.

Godrej Interio's Modular Workstations are designed keeping in mind the needs of new-age workspaces, and provide next-gen furniture solutions that inspire optimum performance.

Let's get working!

Configuring Workstations

Mobile Systems

Mobile Systems are workstations whose layouts are not set in stone. They are designed for workspaces that prefer immediate flexibility and reconfigurability of their layouts, which can be done by the user as per their space utility requirements.

- Habitat

Mobile Systems: Habitat

Panel-based Systems

Panel-based Systems add depth to your office space. Their contemporary designs are not only pleasing to the eye, but also highly flexible in nature. These allow for office layouts to be planned around existing oddities within the workspace.

Storage-based Systems

Storage-based Systems combine the flexibility of modular furniture with enhanced storage solutions. Documents, files, or anything that matters, there's storage space for it all. Because solutions that revolve around the office workforce, should put everything an individual needs, within handy reach.

- Dfine

Storage-based Systems: Dfine

Desk-based Systems
